# Healthy Plus Refundable Hospital Income Plan

Unexpected illnesses or injuries may catch you off guard, which is why a comprehensive hospital income plan is your strongest pillar of support that will empower you to embrace life's challenges with ease!

Healthy Plus Refundable Hospital Income Plan (the "Plan") provides you with various daily hospital cash benefits for up to 1,000 days regardless of the actual hospital expenses, giving you a profound sense of reassurance.

The Plan features 10 plan levels. You can select the protection that suits your needs and budget best. Certain plan levels are applicable to children under 18 years old as the Insured. In addition to the standard hospital cash benefit payable for hospitalization caused by sickness or injury, the Plan provides extra protection such as additional hospital cash benefits involving accidents, public transport accidents and any covered infectious diseases to provide timely assistance in unexpected circumstances.

It's time to take charge of a healthy future. By paying premiums for just 6 years, you can enjoy 12 years of protection. Alternatively, with a 10-years premium payment term, you will be covered for 20 years. You will enjoy a refund exceeding Total Premiums Paid<sup>1</sup> as Maturity Benefit at maturity regardless of any claims made during the benefit term! With the 10-years option, the Maturity Benefit is 108% Total Premiums Paid<sup>1</sup>.

### Choices of 10 plan levels

The Plan offers two premium payment terms for you to choose: 6-years premium payment term (with 12-years benefit term) and 10-years premium payment term (with 20-years benefit term). There are 10 plan levels in each premium payment term for you to select. During the Insured's Confinement at hospital due to sickness, disease, illness or injury, you will receive Daily Hospital Cash Benefit<sup>2,3</sup>, which amounts up to 1,000 days under this Policy.

### Additional Accidental Daily Hospital Cash Benefit<sup>3,4</sup>

### Additional Accidental Daily Hospital Cash Benefit involving Public Transport<sup>3,5</sup>

## Key Product Risks

---

### Credit risk

This plan is an insurance policy issued by FWD. The application of this insurance product and all benefits payable under your policy are subject to the credit risk of FWD. You will bear the default risk in the event that FWD is unable to satisfy its financial obligations under this insurance contract.

### Liquidity risk

This plan is a long term insurance policy. This policy of long term insurance will be made for certain determined term of years starting from the policy effective date to the policy maturity date. The policy contains value and, if you surrender your policy in the early policy years or before its maturity date, the amount you get back may be considerably less than the total premium you have paid. Application of the Plan may constitute the liquidity risk to your financial condition. You need to bear the liquidity risk associated with the Plan.

### Exchange rate and currency risk

The application of this insurance product with the policy currency denominated in a foreign currency is subject to that foreign currency's exchange rate and currency risk. The foreign currency may be subject to the relevant regulatory bodies' control (for example, exchange restrictions). If your home currency is different from the policy currency, please note that any exchange rate fluctuation between your home currency and the policy currency of this insurance product will have a direct impact on the amount of premium required and the value of benefit(s) to be received. For instance, if the policy currency of the insurance product depreciates substantially against your home currency, there is a negative impact on the benefits you receive from the plan. If the policy currency of the insurance product appreciates substantially against your home currency, your burden of the premium payment is increased.

### Inflation risk

The cost of living in the future may be higher than now due to the effects of inflation. Therefore, the benefits under this policy may not be sufficient for the increasing protection needs in the future even if FWD fulfills all of its contractual obligations.

### Early surrender risk

If you surrender your policy in the early policy years or before the end of the benefit term, the amount of the benefit you will get back may be considerably less than the total amount of the premiums you paid.

### Premium adjustment

The premium is non-guaranteed and may significantly increase due to factors including but not limited to claims experience and policy persistency. However, premium will not be increased based on the age of the Insured on his or her next birthday.

### Premium term and non-payment of premium

The premium payment term of the policy is 6 or 10 years. FWD allows a Grace Period of 30 days after the premium due date for payment of each premium. If a premium is still unpaid at the expiration of the Grace Period, the policy will be terminated from the date the first unpaid premium was due. Please note that once the policy is terminated on this basis, you will lose all of your benefits.

### Termination conditions

This Policy shall terminate on the earliest of the following:

1. The death of the Insured; or
2. The Maturity Date; or
3. The date of Policy surrender. Such date is determined in accordance with FWD's applicable rules and regulations in relation to Policy surrender (To surrender the Policy, the Policy Owner needs to send FWD a completed surrender form or by any other means acceptable by FWD); or
4. On the premium due date, if the Policy Owner has not paid the premium within the Grace Period.

12-month Out-patient Medical Service shall terminate on the earliest of the following:

1. Upon the expiry of the 12-month period as specified in the welcome letter of 12-Month Out-patient Medical Service to be sent after policy inception; or
